ADD MARKETING POWER TO YOUR BUSINESS

Looking to Grow Your Business?

In today's highly competitive insurance market, agents are realizing the critical importance of adding value through policyholder service. And that the best time to add value is when policyholders need you the most: when they have a claim!

If you're giving your valuable clients an 800 number and a "good luck" when they suffer a loss, you're missing out on the best opportunity to build your book of business.

HOW TO GAIN A CLEAR SELLING ADVANTAGE

The recent surge in Internet insurance sales shows that consumers don't value agents like they once did. Many policyholders are willing to "break up" with their agent because they perceive no difference between you and the competition other than price.

When you become personally involved during a claim, you are offering a value proposition that can't be met by your competition. This gives policyholders a powerful reason to choose you and stay with you year after year!

Claim Involvement is Easy

With our Agency Support Program, you can easily be a part of a claims process that offers your policyholders unmatched levels of service - the kind of service policyholders expect, but rarely get.

An Extension of Your Marketing Team

Our Agency Support Program is designed to help you keep the clients you have, stimulate word-of-mouth referrals that get you new clients and lower loss ratios. We'll provide you with a powerful differentiation that will give clients and prospects tangible and important reasons to work with you!

WHAT'S DIFFERENT ABOUT GCPRO RESTORATION?

01 **Mitigation Specialists**

We restore losses using mitigation instead of reconstruction whenever possible. This reduces severity, lowers costs and gets policyholders back to normal faster.

02 **Transparent Accountability**

We work under a transparent business model and provide comprehensive documentation in near-real time. This allows you to touch your policyholders at the optimal times and creates a permanent record of proper restoration.

03 **We Help You Grow Your Business**

We believe that restoring the structure is only part of our job. The other part is helping you grow your business by helping you create the kind of superior value proposition that gives both commercial and residential policyholders powerful reasons to choose and stay with your agency other than simply the lowest price.
