GCPRO
RECOVER • RESTORE • REBUILD

24-HOUR EMERGENCY SERVICE
(847) 656-3322

LET US HELP BEFORE YOU FILE A CLAIM!

Your insurance agency works closely with GCPRO Restoration to protect you from rate increases or even being canceled when you experience property damage from water, sewer, fire, or storm.

We will come out and do a detailed, free inspection of your situation and act as your agent's "eyes and ears" on the loss, giving your agent our professional opinion on the damage.

This will allow you and your agent to make an informed decision about filing a claim. Many policyholders don't realize that just making an inquiry to the claim department (even if you don't file a claim!) can sometimes trigger rate increases or cancellations!

Now, if you need to file a claim, that's what insurance is for. And whether your damage is claim-worthy or not, we are there to get you back to normal fast.

WHY YOUR AGENT RECOMMENDS GCPRO RESTORATION:

- We provide a free, enhanced inspection so you and your agent can make important decisions about your claim.
- We work to get you back to normal faster and at lower costs to preserve policy limits.
- We understand what you are going through and exercise care and compassion.
- We perform our services to protect the health and safety of your family and preserve your property's value.
- We cause minimal intrusions during what is hopefully a once in a lifetime event for you.
- We are a locally owned business.
- We provide emergency response 24/7/365
- We are licensed, insured and certified restoration professionals.
- We are highly experienced and trained restoration professionals that you won't be scared to have in your home!
