HOW THE AGENCY SUPPORT PROGRAM (ASP) CREATES CHEERLEADERS TO INCREASE WORD-OF-MOUTH REFERRALS FOR NEW BUSINESS

It is simply a fact of being an insurance agent that policyholder retention is a crucial indicator of business success. The average retention rate in the industry is 84%. The very best agencies have retention rates of 93%-95%.

No matter how you look at it, most agencies are losing between 5% and 16% of their policyholders each year! Clearly, working on improving retention rates is extremely important but given that even the very best agencies are losing 5% of their policyholders every year, so is replacing that lost business. An agency can't even begin to grow until it comes back to "even" in terms of replacing those lost clients from the year before. Most businesspeople would agree word-of-mouth referrals are the very best advertising there is and best of all—it's free! Given all that, doesn't it make sense to have systems and processes in your business designed to not just keep the policyholders you already have but stimulate more word-of-mouth referrals for new business?

ENTER THE CHEERLEADER

What we refer to as a Cheerleader is known by other terms such as Raving Fans, Superfans, Loyal Enthusiasts, Brand Ambassadors, etc. Whatever the term, what is important is that Cheerleaders act as unpaid salespeople, helping to not only directly grow your agency by word-of-mouth referrals but also by enhancing your brand reputation in the marketplace. The power of a few Cheerleaders cannot be overestimated. Most businesses, including your own were likely built on a few Cheerleaders in the beginning.

HOW CHEERLEADERS ARE CREATED

Cheerleaders are created by exceeding your policyholders' expectations. If you want to differentiate your business to improve your competitive position and create Cheerleaders to improve retention and word-of-mouth referrals, set expectations that are different and better than your competition and then exceed them.

HOW THE AGENCY SUPPORT PROGRAM HELPS INCREASE WORD-OF-MOUTH REFERRALS FOR NEW BUSINESS

The ASP differentiates your agency from the competition (both Internet and Main Street) by enabling you to promise your insureds that not only will you be there for them when they need you the most—when they have a loss—but because they are your clients, they will receive very special "Above and Beyond" service.

We have built our business around creating Cheerleaders by providing what we call Above and Beyond Service. We think of our services like a stage play, designed to deliver our services to exceed your policyholders' expectations to create Cheerleaders for you!

- We provide a free, enhanced, high-tech inspection when losses occur. We will act as your eyes and ears on the job, providing information that will help you and the insured decide whether a loss is claimworthy or not. This inspection is presented as being provided at no charge on your behalf, to highlight the value being provided.
- We execute "planned reputation enhancement" to enhance your image with your policyholders. This takes advantage of the power of the independent third-party endorsement.
- We are a mitigation focused, full-service restorer. This means we try to restore losses with as little demolition and reconstruction as possible which means jobs get done faster and at lower cost, which makes for happier policyholders and happier policyholders become Cheerleaders! This also lowers loss ratios and conserves policy limits.
- If reconstruction or other services such as contents restoration, mold remediation, etc. are required, we are a full-service restorer and can handle the loss from start to finish.
- We specifically ask the policyholders we are working with to consider important additional coverage as well as request referrals for new business for you.
- We provide a unique tool to protect your policyholder's property value and reassure them of their family's health and safety. And we make sure that you get the credit for this!
- We also practice what we call "Transparent Accountability". This means we provide the highest levels of communication and collect documentation in near real time to prove that the job was done right. We also keep you informed so you can touch your insureds at the optimal times to demonstrate how much you care.

THE AGENCY SUPPORT PROGRAM IS A POWERFUL ADDITION TO YOUR MARKETING STRATEGY AND OTHER ADVERTISING EFFORTS—AND IT'S FREE!

In the insurance industry, studies indicate that attracting a new customer can cost seven to nine times more than retaining an existing one. Many agencies rely on largely ineffective marketing and advertising like direct mail, telemarketing, low price driven websites (cattle call sites), bus benches, etc., that are largely focused on price and have performed poorly for years. This means that, in order to replace lost business, most agents "beat the bushes" through personal selling efforts, first trying to replace lost business and then to grow.

The Agency Support Program can add powerful marketing and sales tools to your selling efforts at no cost to you! To learn about all the details of the ASP, contact:
