THE RESTORATION PARTNER YOU NEED

DELIVERING SERVICE YOUR CUSTOMERS CAN DEPEND ON

Discovering water, sewer or mold damage on the job can be a Moment of Truth between you and your customer. How you respond can be the difference between a happy customer and a lost opportunity. When you recommend a reliable restoration contractor to fix the problem, you've provided value that your customer will remember.

MAKING YOU LOOK GOOD!

When you have a "go-to" restorer to call, it reflects well on you. Especially when that restorer takes every opportunity to tell your customers they made the right decision by choosing you as their plumber.

HAPPIER CUSTOMERS BECOME CHEERLEADERS

When you demonstrate to your customers that you really care by helping them solve their whole problem, you create "Cheerleaders" who will recommend you to friends and family. These unsolicited word-of-mouth referrals are the best form of advertising there is—and it's FREE!

EVERYONE MAKES MISTAKES

Even the most experienced plumbers can install defective materials or make mistakes on the job from time to time, and fixing water losses that you're responsible for can be expensive. We help make the financial burden of these "oops" moments a lot less painful.

REDUCING RISK AND LIABILITY

You need restoration work done correctly to help protect your company from downstream liability and lawsuits. Because we comprehensively document every job, you have a record showing the loss was restored to the proper Standard of Care when we've finished.

PLUMBER SUPPORT PROGRAM

We'll provide your customers with both the service they expect from someone associated with your business, and reasons for them to enthusiastically refer you.

WHAT'S DIFFERENT ABOUT GCPRO RESTORATION?

01 **MITIGATION SPECIALISTS**

We restore losses using mitigation instead of reconstruction whenever possible. This gets customers back to normal far faster and at a lower cost.

02 **WE CREATE CHEERLEADERS FOR YOU!**

We deliver Above and Beyond Service to help you keep your current customers and to create Cheerleaders who will go out of their way to tell friends, family and colleagues how great you are--kind of like unpaid salespeople!

03 **WE HELP YOU GROW YOUR BUSINESS**

At our company, restoration work is only part of our job. The other part is helping you improve customer retention, create "Cheerleaders" who refer new business, reduce restoration costs when you accidentally cause a loss and prevent downstream liability and lawsuits.
